PART 1: Review Comments

	Reviewer’s comment	Author’s comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	<p>The running title must have fewer words than the main title.</p> <p>The abstract conclusion is incomplete.</p> <p>The keywords must be reviewed. The author can use databases to verify the better keywords available. (Here is an example of database that the author can usehttps://meshb.nlm.nih.gov/search)</p> <p>There are some sentences in the introduction that present gaps of reference.</p>	<p>Running title was modified according to the reviewers comment</p> <p>Correction in abstract conclusion done</p> <p>Keywords were reviewed and altered using the database meshb as suggested by the reviewer</p> <p>Modification in reference was also done</p>
<u>Minor</u> REVISION comments	<p>The references need review. There are some pages that are incorrect.</p>	<p>References review was done</p>
<u>Optional/General</u> comments	<p>It would improve the reader experience and, consequently the quality of the article, if the author could write the introduction in more paragraphs. Doing the introduction with only one paragraph make the reading heavy.</p> <p>The article has too many references. Try to limit the references around the 30 more relevant.</p>	<p>Introduction modified into multiple paragraphs</p> <p>Some reference articles were removed</p>

Review Form 1.6

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
