### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p><b>Abstract:</b> The method used does not show the use of scientific and up -to -date measures to obtain the article</p> <p><b>Writing:</b> the author states that the study involves the whole world but the writing does not state where the study was done and only 7 people told about (3 links between bariatric surgery and depression; 4 about depression only).</p> <p>The authors need to add more studies that are happening around the world especially with a focus on countries that perform a lot of such surgeries (support by data). And there needs to be data on the relationship between surgery and depression and anxiety.</p> <p><b>Citation:</b> the author does not specify the form of code that needs to be used forcitation.</p> <p><b>References:</b> the author only writes the website without any article reference title.</p>	<p>Correction made</p> <p>Done revision</p> <p>Done</p>
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
