PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	This is not a “short communication”, but a “short review”. It is interesting to be read by the readers of a Pharmacology Journal. I made more than 200 corrections to clear the meaning and the English grammar of the text. It is attached with the control panel with some observations.	Thank you for your appreciation of the article. You are absolutely right that this article will be of great interest to readers of Pharmacology Journal. Thank you for your hard work in editing our manuscript. This act of the reviewer was very unexpected for me. For the first time in my life, I received such an expensive gift from a reviewer. I wish you happiness and pray that God will send you 10 times as many kind reviewers and people in difficult moments of life ! We accept all your suggestions. Once again, thank you very much.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
