PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ol style="list-style-type: none">1) Authors should include a brief section about periodontal diseases (epidemiology, etiology, clinical consequences).2) There are some original studies on the topic which should be cited and discussed (for example, Drug Deliv Transl Res. 2020 Apr;10(2):548-564. doi: 10.1007/s13346-019-00698-z).3) The structure of the paper should be modified to become more focused on CoQ in periodontal diseases. In the present form, more attention is paid on general aspects of CoQ biochemistry.	<ol style="list-style-type: none">1) Brief section about the periodontal disease has been added.2) Studies on CoQ10 has been added.3) More focus has been given on dental related aspect of CoQ10. Have added as many articles as possible. And there has been only limited studies conducted on CoQ10 in relation to periodontal disease.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
