PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The article lacks structural organization with very few references cited. The formatting of the document is also haphazardly done and needs to be put in place.</p> <p>The background does not capture the major issues relating to OMICRON. The background does not lead proportionately into the subject matter discussed. What is omicron, how did it evolve, What are the basic characteristics that makes it different etc. should be outlined, discussed and well referenced. The paragraphs does not show good review of literature to exactly explain the subject matter. Adjustments should be made and a general overhaul of the manuscript is required.</p> <p>Major revision required</p>	<p>Done</p> <p>Adjusted</p>
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
