

## Review Form 1.6

|                          |  |
|--------------------------|--|
| Journal Name:            | <a href="#">Journal of Pharmaceutical Research International</a>   |
| Manuscript Number:       | Ms_JPRI_84908  |
| Title of the Manuscript: | MOLECULAR DOCKING AND MOLECULAR DYNAMIC STUDIES, SYNTHESIS, CHARACTERISATION OF THIAZOLIDINE-4-ONE DERIVATIVES |
| Type of the Article      | Original Research Article  |

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

### **PART 1:** Review Comments

|                                     | Reviewer's comment   | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)   |
|-------------------------------------|--|---|
| <b>Compulsory</b> REVISION comments |  |   |
| <b>Minor</b> REVISION comments      | <ol style="list-style-type: none"><li>1) The label of residues are very hard to visualize. Please change to different color that is more obvious (such as black or red).</li><li>2) Reference number should be added to corresponding text. For example, in Page 3, "Table 1 : The Schiff bases and thiazolidine- 4-one derivatives were prepared by the method of S. Ramachandran et al." The corresponding paper of Ramachandran should be added here (such as [10-12]).</li><li>3) Provide details of method, such as how the Docking and Molecule dynamics study were conducted.</li></ol> | <ol style="list-style-type: none"><li>1.The labels of residues are changed to black</li><li>2. The S. Ramachandran <i>et al.</i> was highlighted and the corresponding reference number was also added.(10-12)</li><li>3. The detailed note of the Molecular docking and molecular dynamics was stated.</li></ol> |
| <b>Optional/General</b> comments    |  |   |

### **PART 2:**

|   | Reviewer's comment   | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|---|--|---|
| <b>Are there ethical issues in this manuscript?</b> | <i>(If yes, Kindly please write down the ethical issues here in details)</i> | <u>NIL</u>  |
