

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_85066
Title of the Manuscript:	FORMULATION AND EVALUATION OF OBETICHOLIC ACID SOLID DISPERSION TABLET
Type of the Article	Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. In drug content determination absorbance of sample to be made on what nanometer, it should be mention 2. In vitro drug release: How the Glimepiride was come here. 3. Method of preparation of solid dispersion need to be precise and details of different formulations to be made should be mentioned clearly. 4. Missing of Formulation table of Solid dispersion 5. FTIR study to be incorporated 6. Label of figure 5 is need to be corrected 7. Graph for invitro dissolution study for tablets formulation need to be incorporate in manuscript. 8. language of the manuscript need to be improved	Correction made Done Revised
Minor REVISION comments	1. Being the research article there is no need of advantages and disadvantages, application of solid dispersion and technique of preparation. 2. Information regarding drug in introduction section is too bulky and should be made short and precise	Done
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Are there ethical issues in this manuscript?</u>	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
