### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	<p>The overall manuscript needs to be modified severely. Always the authors have to remember that whenever drafting a mini review the number of reference should be 50 and in case of comprehensive review it has be be minimum of 100.Thus first author need to decide which one they are following because 21 references not acceptable in either of the review type. Authors included one schematic diag related to non organic food acc to my suggestions, they should include schematic diagram of health effects of organic food to enrich the manuscript at scientific level. The manuscript should enlist tabels related to nutrient information, along with farming types, health effects,or new advancements. Few important references should be included in health related part , author should include organic farming ideas of Greenleafy vegetable like Motinga leaves those are helpful for Geriatrics.This innovative plan can be included in future perspectives. Highlights on some important foods should be highlighted and related their organic farming like mushrooms etc. The reference to be followed:</p> <p><a href="https://doi.org/10.2174/1568026621666210412151700">https://doi.org/10.2174/1568026621666210412151700</a></p> <p><a href="https://doi.org/10.1016/j.exger.2021.111352">https://doi.org/10.1016/j.exger.2021.111352</a></p> <p><a href="https://doi.org/10.2174/1568026621666210524095925">https://doi.org/10.2174/1568026621666210524095925</a></p>	<p>Here, we all authors express thanks to reviewer for the valuable comments on our review manuscript. Our feedback with respect comments is as follows:</p> <p>More references have been included and cited.</p> <p><b>The suggested corrections have been highlighted in yellow as per guidelines.</b></p>
<b><u>Minor</u></b> REVISION comments		
<b><u>Optional/General</u></b> comments
