PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| <u>Compulsory</u> REVISION comments | This case study was well organized and written which might require some major and minor correction before publication in an international journal. The following correction may require- 1. The title of this study must be changed 2. Introduction section required some practical information in relation to this article 3. The clinical report section required more diagrammatic presentation rather than periapical radiograph 4. Discussion section required more literature review 5. Conclusion section was missing 6. The reference section required to follow either one style Vancouver/Harvard having superscript pattern like 10³ | Comments revised and highlighted with yellow in attached file. |
| <u>Minor</u> REVISION comments | It was preferable to use the font of the sentence in a Times new roman having size 12 | Comments revised and highlighted with yellow in attached file |
| <u>Optional/General</u> comments | | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| Are there ethical issues in this manuscript? | <u>(If yes, Kindly please write down the ethical issues here in details)</u> | |
