

Review Form 1.6

Journal Name:	Journal of Pharmaceutical Research International
Manuscript Number:	Ms_JPRI_85433
Title of the Manuscript:	Inhibition of cell proliferation by Houttuynia cordata extract on gastric cancer cells via induction of apoptosis
Type of the Article	Short Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	In the method of PCR the author have to added how they get the sequence of the primer The reference and the base pair length They have to mention how the PCR done by syper green or probe Δ CT calculation have to added how The number of sample used in the PCR and if they repeated the result	Dear Reviewer, thank you very much for your valuable comments on our manuscript. The revised section was shown below: - The sequences of the primers were designed as following Genecards and NCBI gene database. ➔ Page 5, lines 95-96 - The reference and the base pair length of all primer have been shown in the real time PCR section ➔ Page 5&6, lines 96-103 - Each cycle of qPCR was conducted by using a master mix containing SYBR® Green as a detector of DNA ➔ Page 5, lines 91-92 - Δ CT calculation have been added. ➔ Page 6, lines 104-109 - Experiments were performed in triplicate and repeated three times with similar results ➔ Page 6, line 104
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
