PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Check my reviewer corrections and suggestions [1] Your conclusion in the abstract and at the end of the article should include new lessons or confirmation of old lessons or findings from your study that you want readers globally to learn from. [2] The English needs to be improved and I have made supporting corrections which you should reflect upon. [3] You have made statements in the text without supporting the sentences with references / reference numbers please do these. [4] After conclusions write the following: (a) Conflict of interest – statements (b) Acknowledgement – statements. [5] The references must be written in full for each reference to include names and initials of the authors, the title of the article, the title of the journal year, volume and edition, first page and last page of articles. If they are not articles make sure you provide the internet link details to support your statements.	Corrected
Minor REVISION comments	See above	
Optional/General comments	See above	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
