General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljpri.com/index.php/JPRI/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The authors present an interesting study which is worth to be published. It certainly merits publication in my view. However, some additional modifications are necessary before it can be accepted for publication.</p> <p>1. Remove the first paragraph of the "Introduction" because its content guides the author on how to write this section. 2. Remove three paragraphs of the "Materials and Methods" because its content guides the author on how to write this section. 3. Please describe the inclusion criteria clearly. 4. Search Strategy: please specify the timeline of the literature searches conducted. 5. Table 1: please add another column for overall conclusion for each of the included reviews. 6. Quality Assessment Issues Involving Unit Analysis: please add the results of Results of the the Jadad scale assessments.</p>	All the necessary corrections were done as indicated
Minor REVISION comments		
Optional/General comments		

PART 2:
