PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<div>1. The study is randomized, however, there is no information about blindness. It should be double blinded. Otherwise, the result could be affected by bias.</div> <div>2. A decent study, could be published.</div>	This study was a double-blind study, and neither the anesthesiologist who performed anesthesia nor the anesthesia nurse who scored postoperatively was unaware of the grouping of children.
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>	No
