PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	It may be useful for research bioremediation studies. The growth of the organisms in question in a pesticide medium is the first step. Therefore, I must state that it is a work worthy of publication.	Noted
<u>Minor</u> REVISION comments	The most serious problem of the article is English spelling errors. That's why proofreading was essential.	Done revision
<u>Optional/General</u> comments	It can be published after the English spelling errors are corrected.	English revised

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
