PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	The contribution of this study is very poor. The results are not enough for a paper.The collection place and the voucher number are missed	This paper demonstrated the antibacterial activity of plants commonly used in wound treatment in the studied area. The study thus elucidated the role of the antibacterial activity of the studied plant to their locally acclaimed wound healing properties which is a worthy contribution for a paper.
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
