PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The article was well written. However, the pages are too much. Some of the tables (1,2,4 &5) in the results could be summarised. Also, in the Methodology details of Biochemical tests e.g. catalase, oxidase...are not necessary in journal articles, only in thesis. Just mention that the tests were conducted.	<ol style="list-style-type: none">1. The pages has been reduce a bit not to delete the relivant aspect of the research work.2. Tables cant be merged because of the large volume of test sample3. Methodology details of Biochemical tests hes been deleted.
<u>Minor</u> REVISION comments	Some minor spelling errors detected. Also, spacing and italics of biological names should be corrected. I have done this in RED . And hope to send it back to the Editor for necessary actions.	corrected
<u>Optional/General</u> comments	Has merits for publication.
