Manuscript Number:	Ms_SAJRM_89581
Title of the Manuscript:	Activities of Datura stramonium Extracts against clinical pathogens
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalsajrm.com/index.php/SAJRM/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	In discussion should not be used reference citation, because results and discussion is mainly from your research work. Conclusion should be in detail.	As much as I agree that results and discussion is mainly from one's research work, I believe it is not out of place to relate one's discussion to that of other researchers who had carried out similar researches in the field. Conclusion has been improved on.
Minor REVISION comments	Give the space in between two words. Reference style must be uniform	Done
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Are there ethical issues in this manuscript?</u>	<u>(If yes, Kindly please write down the ethical issues here in details)</u>	<u>No</u>
