PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	In the beginning of the abstract, the authors need to emphasise the importance of the research and in the end, the value the research brings. In the literature review, the authors could state why the research topic is an important area of study. In the methodology, it is not necessary to write about definitions of sample and population. In the discussion section, the authors should present the interpretation of the findings and contrast them with the existing literature. In the conclusion, the authors should provide insights about how the results would affect teachers and education institutions or what would the implications (theoretical and practical) of the research be like. The manuscript need to go through a proof reading process.	We done add emphasise the importance of the research and in the end, the value the research brings. We done add sentences that explain the importance of this research We've removed it We've added it We've added it
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
