PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The paper nicely explains the radiation exposures of several dumpsites. The equations and the tables are presented well. However, the observations from the contour maps are nowhere explained. Which, I think should be included.	
Minor REVISION comments	<ol style="list-style-type: none">1. The grammatical errors in the introduction and materials and methods, should be corrected.2. The observations from the contour maps should also be explained.3. The conclusions could be more elaborated.	
Optional/General comments
