### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	The paper has potential as it is discussing an important subject matter in the era of sustainable development namely willingness to pay for solid waste management. However the paper could be strengthened in many ways. See my comments directly on the tracked manuscript. More importantly, the author(s) should provide a theoretical framework from which their arguments in the paper is framed. A section of the study should be devoted to literature review, The author(s) should discuss the state of the literature, identify missing gaps and fill the identified gaps. What then are the key issues from the reviewed literature which constitute what the study aims to do or gaps it seeks to fill? .Also the recommendation(s) should stand as a sub heading and the authors should either itemise their recommendations or discuss each paragraphically	
<b><u>Minor</u></b> REVISION comments	Minor revision is required	
<b><u>Optional/General</u></b> comments		

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
