

Review Form 1.6

Journal Name:	Asian Journal of Agricultural Extension, Economics & Sociology
Manuscript Number:	Ms_AJAEES_85365
Title of the Manuscript:	Performance of Groundnut under Broad Bed Furrow Method in Buldana District of Maharashtra
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajaees.com/index.php/AJAEES/editorial-policy>)

PART 1: Review Comments and hereafter

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The Materials and Methods section has been written poorly. It should be improved as indicated on the text and hereafter. From how much area pod yield data were collected from each of 50 farmer's plot. Method of economic data collection, sampling procedure and sample size should be specified. Model/equation should be used to assess profitability of groundnut cultivation. No statistical design and analysis could be found. Results and discussion is supported by only two tables with very insufficient data. Discussion is very poor. Some conclusion was not supported by findings of results.	
<u>Minor</u> REVISION comments	Many grammatical errors.SI units have not been used for measuring yield and land area.	
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
