General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajaees.com/index.php/AJAEES/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This manuscript came up with relevant topic/area of research. However, it is a most poorly and carelessly written work that requires major corrections. Some of the indicators are: i. It lacks focus, clarity and grammatical accuracy ii. Is not informative either for researchers, practitioners or policy makers. For the reason, the statistical figures/empirical results/ are almost not discussed with sound interpretations, comparison with empirical references, and policy implications. iii. The methodology section needs further elaboration iv. The validity of the secondary data obtained should be ensured for the reader	
Minor REVISION comments	Literature review section requires rewriting	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
