

Review Form 1.6

Journal Name:	Asian Journal of Biochemistry, Genetics and Molecular Biology
Manuscript Number:	Ms_AJBGMB_86172
Title of the Manuscript:	Cytotoxicity of Different Ages of Exudates of Ageratum conyzoides (Billy Goat Weed) using Allium cepa L. Assay
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajbgmb.com/index.php/AJBGMB/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	I would like to suggest: 1. In the title of manuscript, you have mentioned clearly cytotoxic activity, But in the methodology , there was no connection in the mentioned activity, 2. What is the % yield of plant exudates (<i>Ageratum conyzoides</i>) after 24 hour, 72 hours and 120 hours. 3. Please re-write the methodology with clarity	
Minor REVISION comments	Discussion Part: 1. It is necessary to mention, what types of phenolic compounds presents in <i>Ageratum conyzoides</i> prevent plant growth.(Be specific)because phenolic compounds are having wider range of therapeutic activity. 2. Need some clarity in the discussion part	
Optional/General comments	Result and discussion part, need to be verify and required proper justification	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
