	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ul style="list-style-type: none">This is an interesting study and I think that the data are informative about the Evaluation of Phytochemical contents and antioxidant activity of <i>Mentha spicata</i> (spearmint). However, in my opinion the paper has some shortcomings in regards to some data analysis and text. Below I have provided numerous remarks on the text as it is often vague.	
<u>Minor</u> REVISION comments	<ul style="list-style-type: none">Please focus on your study and your results regarding to anti-oxidant activity. I suggested to focus on scientific results and reanalyse results of your manuscripts.Please clarify sentences according to grammatical rules.The font size and line spacing was not significantly adjusted.	
<u>Optional/General</u> comments	<ul style="list-style-type: none">My view that author makes an effort to contribute in literature but minor concerns regarding the relation between the prior literature and the currents results are not satisfactory. Its an important to cross check it.
