<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments	<p>I had the pleasure to read the manuscript titled “<b>Determinants of Maize Yields among Small-Scale Farmers at Household Levels in Mbinga District, Tanzania</b>”. The topic looks interesting, informative, comprehensive and important for coping with food security, maize production, improved maize yields and address the Sustainable Development Goals (SDGs) 1,2,3 &amp; 13. I have highlighted some changes (track changes in the document).</p> <p>The introduction has a good background information, capturing the topic very well and putting to perspective the importance of the study in terms of global scale, regionally and locally.</p> <p>There is a good field data collection, analysis and presentation</p> <p>The Author has used consistently recent references of not more than five (5) years and mixed and balanced well with old reference which is commendable.</p> <p>This was such an excellent study which can drive proposed excellent government policy directives, regulations and laws and well research recommendations which can improve the maize yields and production.</p>
