(Rosen, M. A. et al, 2018). By fostering collaboration, leaders unleash the energies and talents available in their organization. Shared vision and values bind employees together in	
available in their organization. Shared vision and values bind employees together in	
collection of the control (OLA) ONAO). The leading the collection of the collection	
collaborative pursuit (Choi,2016). Tasks that require people to interact, communicate and	
exchange ideas and resources underscore the notion that people have cooperative goals	
(Jacobs et al.,2013).	
Moreover, the following statements; I find ways to celebrate accomplishments, which obtained	
4.62 describes as almost always and interpreted as very high level of leadership influence; I	
experiment and take risks with new approaches to my work even when there is a chance of	
failure, obtained 4.58 describes as almost always and interpreted as very high level of	
leadership influence; I am contagiously excited and enthusiastic about future possibilities,	
which obtained 4.62 describes as almost always and interpreted as very high level of	
leadership influence; I get others to feel a sense of ownership for the projects they work on,	
which obtained 4.77 describes as almost always and interpreted as very high level of	
leadership influence; I make sure the work group sets clear goals makes plans, and	
establishes milestones for the projects I lead, obtained 4.65 describes as almost always and	
interpreted as very high level of leadership influence; and, I make it a point to tell the rest of	
the organization about the good work done by my organization, which obtained 4.69 describes	
as almost always and interpreted as very high level of leadership influence.	
It obtained the over-all mean of 4.65 which described as almost always, and interpreted as	
indicates very high level of leadership influence. The statement found in number 28 got the	
highest mean of 4.77 - I get others to feel a sense of ownership for the projects they work on.	
In winning teams, members share in the rewards of their efforts. Leaders give recognition to	
those contributing to the success of the project and encourage staff members by celebrating	
team accomplishment regularly. They express pride in the accomplishments of their teams	
(Harrison, 2020).	
Should use Author/Decreadent instead of using IAMs	
Should use Author/Respondent instead of using I/We.	
Minor REVISION comments	
1. Need Proper re-check and grammatical re-check.	
2. need to re-check proper numbering	
3. The study sought to answer the following problem statement such as: 1) Demographic	
profile of the respondents. 2) The level of the leadership practices of the officials in terms of	
Modelling the way; inspiring a shared vision; challenging the process; enabling others to act;	
and encouraging the heart. 3) The level of LGU's readiness to work from home as perceived	

Created by: EA Checked by: ME Approved by: CEO Version: 1.6 (10-04-2018)

Review Form 1.6

	by the municipal employees. 4) The significant relationship between leadership practices of the officials and LGU's readiness to work from home arrangement as perceived by the employees Numbering is not appropriate, please re-check. 4. As the results shown on the level of "encouraging the heart" increases, the level of employees' readiness to work-from-home also increasesFindings or result is realistic and appropriate. But need to recheck sentence making and revision the grammatical small error. 5. Conclusion and Recommendation: (i) should connected with research objective not problem statement
Optional/General comments	
	Topic is very good and related with modern situation. Work from home arrangement due to COVID-19 Pandemic is very important concept.

PART 2:

		Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
