PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<ul style="list-style-type: none">- The abstract should start with problems statement and gaps that are exist in the research area and continue with the objective and so on.- The introduction should be end with a paragraph that shows the structure of the rest of study (how the rest of study is organized).- The hypotheses should be replaced to the Methodology section.- The gap and research question of the study should be written better. The sub-section of the introduction should be removed. Please revise the Introduction abd write it mkre undrestandable.- There are many sub-sections in Kiterature review section, both theoretical and empirical that should be revised and renunbered.- The references are old, new related studies especially 2021 and 2022 should be added.- Please merge sub-sections 3.1, 3.2 and 3.3, 3.4, 3.5 and 3.6, and write them under the methodology section. There is no need for seperate sub-section.- Rename Section to Data Analysis and Results.- The sampling formulas and Table 1 are not necesary, please omit them and write the results in the text.- Replace the demographic information of respondant to the methodology section after the sampling description.- remove the sub heading of 4.2.- There are some typos that should be checked and revised. The theoretical and practical mplications of the study should be added to the conclusion section.	
Optional/General comments
