PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	For whom it may concern I went through your paper, some question are exposed in the paper for your brief answer as well as some correction are needed in your work. In chapter of results and discussion, from 3.1 to 3.8 you've exposed only results of your fieldwork and none of discussion are related. Try to explore more authors about the matter you're going to share with scientific academic. In addition, I've not seen consistency in you non parametric treatment data.	
Minor REVISION comments		
Optional/General comments
