PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments		
Optional/General comments	In the midst of the covid-19 pandemic, the psychological health of the people and frontline professionals gained an importance never seen in the history of Public Health. This type of work is extremely important to improve the quality of life of the population in general. Even to improve the practice of health professionals. Congratulations to the authors who certainly encountered several difficulties inherent in research in peripheral countries.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
