General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajmah.com/index.php/AJMAH/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. Addition of theory or results of previous research should consider the year of publication (at least use a reference source 5 years from the current year)2. It is necessary to submit ethical clearance to the ethics committee so that there is evidence that the research conducted does not violate ethics and avoids conflicts of interest because the research uses mice or rats and produces a product (avoiding conflicts of interest) so it is necessary to pay attention to aspects of research ethics.	
Minor REVISION comments	In the discussion or discussion section, it is necessary to explain one by one the research results obtained and use new references (at least 5 years from the current year).	
Optional/General comments	In general it is good but it needs an ethical test and it is written where to do the ethical test with a certificate number.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
