PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<div><div>➤ The introduction of the article needs to be corrected and should be in line with the research question.</div><div>➤ Explain the need for the study.</div><div>➤ It is better to examine the relationship between variables of illness behavior with the GHQ questionnaire.</div><div>➤ In the discussion section, all hypotheses need to study support and the author's opinion alone is not enough to justify the differences.</div><div>➤ Use up-to-date resources.</div></div>	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
