PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The topic of the article is indeed interesting especially for occidental readers. But the style in which it was written, is colloquial and with little scientific order. Also, English has to be reviewed. It is highly recommended to rewrite the article again using the style suggested by the Journal Editorial Committee.	
Minor REVISION comments	Several mistakes were detected in the way the literature is quoted by the authors. The should rewrite them according to the submission instructions of the Journal.	
Optional/General comments	Statistical analysis should be reconsidered. Not only descriptive statistics is important but also regression and correlations between some variables is recommended.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
