PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|--|---|
| Compulsory REVISION comments | The article is suffering from significant grammar, punctuation, clarity issues. I would recommend professional editing for the manuscript. | |
| Minor REVISION comments | Generic 'Levetiracetam' should replace the drug 'Keppra' throughout the manuscript | |
| Optional/General comments | Cerebral venous sinus thrombosis (CVST) is a well-established entity in the literature. I did not find anything in this case series that could add to our knowledge! | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| Are there ethical issues in this manuscript? | (If yes, Kindly please write down the ethical issues here in details) | |
