PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	**The author is addressing an interesting topic, but the author needs to justify the research gap better, give a descriptive statistics of the 21 banks variables. The author should employ panel regression and also conduct the Hausman test. This test will suggest whether the fixed effect or random effect model is appropriate. Anormal multiple regression may not be appropriate.** **Please re-write the introduction and the literature review.** **What is the purpose of conducting a survey? How is it adding value to the research. It looks as a standalone portion. Also check the references, all the citations are not present**	
Minor REVISION comments		
Optional/General comments
