Journal Name:	Asian Journal of Research in Animal and Veterinary Sciences
Manuscript Number:	Ms_AJRAVS_79339
Title of the Manuscript:	Semen And Extra Gonadal Characteristics Of Cocks Fed Varying Levels Of Nutmeg Seed Meal, Clove Leaf Meal And Their Composite
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajravs.com/index.php/AJRAVS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The article is well written and but needs some correction. In table 3 and 4 the data on length and weight of vital reproductive organs must be expressed as percent to relative body weight and then analyzed instead of direct organ length and weights in order to get valid results and intwerpretation.	
Minor REVISION comments	In table 2 Unit for Sperm viability is missing. Give procedure followed for assessing Mass Activity Grade Table 4: there ios no mention of statastical level of significance Table 5: under foot note * is appearing but its missing in table.	
Optional/General comments	The article may be rewritten in view of the above comments.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
