Compulsory REVISION comments	<p>The english writing is so poor. For example in Abstract: In this paper, different techniques of detecting such activities from the video that been proposed in recent years. This paper will present the detecting method into three categories. Again, Dataset & Video features that help in the recognition process are also presented.</p> <p>Table 1 headers are so ambiguous, I have never seen machine learning or computer vision as a Feature!!!</p> <p>The state of the art is not acceptable. At least more than 80% of references should be published after 2019.</p>	
Minor REVISION comments	<p>The references numbering should be sorted.</p> <p>The subsection numbering is false. (17 sections in section 2!!)</p>
