PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<ol style="list-style-type: none">1. The abstract must contain the main purpose of the paper, the research method used in the research and the main contributions.2. It would be very useful to add in the "<i>Introduction</i>" section the purpose, objectives and hypothesis of the research.3. We consider that the introduction should specify the novelty of the paper compared to other papers published in this area. <p>4.The authors talk about the relationship between these variables</p> <p>6. Also, we consider the literature is not enough and that is why, we recommend the authors to refer to other recent works indexed in Web of Science, Scopus, Emerald, Cambrige, and MDPI Journals. We suggest that the authors cite papers published in MDPI journals and Web of Science Journals such as:</p> <ol style="list-style-type: none">a.
