PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|-------------------------------------|---|---|
| Compulsory REVISION comments | <p>The manuscript only deals with the issue of obesity and has not been able to make a connection between Q10 and obesity.</p> <p>Instead of describing obesity and Q10, the authors should have examined the relationship between the two.</p> | |
| Minor REVISION comments | | |
| Optional/General comments | <p>The material written about obesity should have been written in one to two pages, and the rest of the material written about the mechanism of Q10 and obesity.</p> <p>The number of articles reviewed is unknown.</p> <p>The number of articles from which the content was extracted is not known.</p> <p>The methodology is not mentioned correctly.</p> <p>The introduction does not discuss the possible mechanism of Q10</p> <p>The discussion and conclusion are not well articulated.</p> | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
