Manuscript Number:	Ms_AJRIZ_82610
Title of the Manuscript:	Malaria and Associated Risk Factors in Awka Awka South Local Government Area, Anambra State, Nigeria
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajriz.com/index.php/AJRIZ/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	From the abstract - Infection rate increased with increase in age – however table 3 col 3 shows otherwise. – please have some correction. I found no conclusion in the manuscript	
Minor REVISION comments	In the methodology or in the last part of the introduction probably the author can include description of the study area and the population – so that we can understand why malaria is prevalent.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
