<b>Compulsory</b> REVISION comments	<p>Dear authors,</p> <p>Please find my observations below: The article needs professional English proofreading to improve message delivery and amend language shortcomings. For instance, the sentence "The purpose of this study was to examine the relationship between revenue collections and economic growth in Zanzibar is tested empirically" has two verbs and the meaning is not clear. Please correct. Carefully check the wording in the entire paper.</p> <p>Abstract: "The researcher recommended that..". Please replace "researcher" with "research".</p> <p>The last keyword has a typo, please amend it.</p> <p>Page 3: "Government resource envelope, consisting of domestic revenue and foreign grants, amounted to TZS 720.0 billion in 2017/18, of which TZS 685.5 billion was domestic revenue and the balance was grants". The meaning of the phrase is unclear, please rephrase.</p> <p>Please do not place a comma between the subject and the verb, as in "Godin &amp; Hindriks (2015), examine...".</p> <p>Page 8: "analysis EVIEW 12 which is the worldwide leader in windows based econometric software for the very best and quality output.". The name of the software is EViews. The justification for choosing the software should be changed since it is a bit over the top. What do you mean by "windows based econometric software"? EViews is a software for time series analysis.</p> <p>Format references in a uniform manner in accordance with the journal requirements.</p> <p>Please specify the database from which you took the data for the analysis and the period of analysis.</p> <p>Which is the novelty of your study?</p> <p>Which are the study limitations?</p>
