PART 1: Review Comments

	Reviewer's comment	Author's comment *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments		
Minor REVISION comments	The English is understandable, but some punctuations are missing, and you need to fix some grammar issues. In section 7, you mentioned figure 15 which does not exist here. In section 8 or conclusion, you really need to add conclusions. Some places you use Fig. () and some other places another format, please follow a consistent format. The image 1 time history is your figure 1 or not, this is not clear what figure number it has. You need to add a paragraph at the end of introduction to explain the design of your study. As I said, please be consistent and please replace image.(1) with fig (1) or the same as other figures.	
Optional/General comments		

PART 2:
