

Review Form 1.6

Journal Name:	Annual Research & Review in Biology
Manuscript Number:	Ms_ARRB_85552
Title of the Manuscript:	SELECTION OF LACTIC ACID BACTERIA ISOLATED FROM COCOA AND CASSAVA FERMENTATION AS POTENTIAL PROBIOTIC FOR PATHOGENIC MICROORGANISMS CONTROL IN POULTRY FARMING
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	Dear sir, The article- SELECTION OF LACTIC ACID BACTERIA ISOLATED FROM COCOA AND CASSAVA FERMENTATION AS POTENTIAL PROBIOTIC FOR PATHOGENIC MICROORGANISMS CONTROL IN POULTRY FARMING- is well written and has shown good role of probiotics.i think the use probiotics lactic acids bacteria as antibiotics alternative in poultry sector will reduce some avian pathologies affecting the poultry.there are some minor spelling and grammer mistakes that can be corrected once authors thoroughly go through the paper.finally we can accept the paper. tnxs	
<u>Optional/General</u> comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
