

## Review Form 1.6

Journal Name:	<a href="#">Asian Soil Research Journal</a>
Manuscript Number:	Ms_ASRJ_78189
Title of the Manuscript:	Determination of the hydrodynamic parameters of two types of soil in the Senegal River delta. Simulation of hydro-saline transfers: application to the wind deflation phenomenon
Type of the Article	

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalasrj.com/index.php/ASRJ/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	The introduction could be a bit more detailed Figure 3, correct the direction of the red arrow The author should use past tense rather than present tense; For instance, in Section 2.5 the author used "samples are" instead of "samples were" Instead of using "us" or "we" the author should use this study (see section 3.3)	
<b><u>Minor</u></b> REVISION comments	Consider formatting the paper especially spacing between paragraphs	
<b><u>Optional/General</u></b> comments	The paper is adequate in content and scientifically sound	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
