PART 1: Review Comments

	Reviewer's comment	**Author's comment** *(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)*
Compulsory REVISION comments	1. Abstract spacing should one line spacing 2. An abstract is supposed to start with an introduction of the research concept, not aim 3. Citations should be clearly cited 4. Presentation of results is quite very poor and must be improved and presents results in to real scientific tables	
Minor REVISION comments	1. Topic can be better presented to bring out a better perception of the study 2. Abstract should has a brief overview of the introduction, objectives, methods --- down to conclusion but doesn't has to be segregated (no sub-title in abstract) 3. Avoid using abbreviations, when mentioning a term for the first time 4. Subject and method should be reframed to Methodology 5. Sub-title should be sentence case 6. All the listed references should be reframe following the same and accepted format and check out individual rules of referencing	
Optional/General comments
