General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalca.com/index.php/CA/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	All abbreviations needs to be expanded before abbreviations are introduced. TAVI needs to be expanded in title. Title to be changed as per study design. For eg. Inclusion of case report in the title. Keywords should be included after abstract.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	Good study.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i> If implanting a temporary pacing wire and a pacing lead is the standard of care, then it may not have ethical issues. Otherwise, consent needs to be taken for implanting a temporary pacing wire and a pacing lead and also for publication.
