PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<ul style="list-style-type: none">- The study were done in only one month and so the patient no only 7 , it is a very small number to do statistics on it	-
<u>Minor</u> REVISION comments	<ul style="list-style-type: none">- Abstract: the result part in the abstract is so deficient and need more explanation about the finding in the living 7 patient.- In the abstract part: you should mention the total number of patients examined and the the period of the study from .. to ...- In the result part of the study, there is no data about the patients underwent the study, (their sex – age- previous history ... etc)- The period of the study only one month October 2021 and so the number of the patients only 7 it is too small number to make statistics- Discussion is so weak and need more explanation for the data finding	
<u>Optional/General</u> comments		

PART 2:
