PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	It is suggested to revise the use of English of the document. Some mistakes and typos are present in the text. It is also suggested the improvement of the discussion section of the article. Since the results were not relevant in terms of the health risk due to the low level of radiation, it might be interesting to contrast the values obtained in similar studies, providing clear information about the environmental/process/plantation conditions that contribute to the high values.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
