Title of the Manuscript:	An Analysis of Socio-personal profile of ATMA trainers in South Bihar
Type of the Article	

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalcjast.com/index.php/CJAST/editorial-policy> )

### **PART 1:** Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b><u>Compulsory</u></b> REVISION comments	<b>Paper is descriptive in nature; sample size is should be more and there should be conclusive impact.</b>  <b>It may modify as suggested and may be accepted for publication as short-communication/ research note but not a research paper.</b> <b>All table should be merged in a single table and write the implication of this finding to society.</b>	
<b><u>Minor</u></b> REVISION comments	Following are my observation: 1. Paper is just descriptive and does not have any conclusive findings 2. But, due to general importance, after major modifications, same can be published as short-communication/ research note etc	
<b><u>Optional/General</u></b> comments		

### **PART 2:**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
