PART 1: Review Comments

	Reviewers comment	Authors comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The review article failed to capture a true picture of the three models as the author has stipulated. There is a need to elaborately review these models with good schematic diagrams and design features which will give the reading audience a clearer view of the different models.</p> <p>The author failed to outlined the different models examined in a logical comprehensible manner. Each of these models should have had a subsection dedicated to each with good schematic diagrams and performance indicators.</p>	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
