Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalejnfs.com/index.php/EJNFS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	<p>Justification and need for study. It is unclear why the authors chose to focus on Saudi women only. A justification is needed.</p> <p>The paper needs to be edited throughout in relation to English language and cohesiveness. Descriptive statistics are limited and only provide a snapshot of the study. Could authors explain why no further statistical analysis were carried out? For example looking at factors that may have influence knowledge.</p> <p>More information is needed in the methods, a detailed account of the instrument/questionnaire used.</p> <p>Major revision of the discussion. How do findings of the study add to the existing body of evidence, or how will it be used by public health authorities.</p>	
<u>Minor</u> REVISION comments	<p>English Language editor recommended to review the manuscript.</p>	
<u>Optional/General</u> comments	<p>English Language editor recommended to review the manuscript.</p>	

Review Form 1.6
